

Minimum Stock Requirements

Effective March 1, 2016, these minimum stock levels are required of all authorized and applicant grocery vendors. An inability to obtain or continue to stock these minimum amounts and minimum varieties in any category at the store site may result in application denial, or in the case of authorized grocery vendors, sanctions point assessments or denial of reauthorization application. Refer to the West Virginia WIC Approved Shopping Guide for approved foods and approved packaging sizes. During the on-site inspection performed as part of the application or reauthorization process, or during routine monitoring, a State WIC representative will check your stock levels to ensure these minimum levels are present on the date of review.

Food Item	Minimum Stock Required
<p>Contract Infant Formula:</p> <ul style="list-style-type: none"> • Similac Advance OptiGRO • Similac Sensitive for Fussiness and Gas • Similac Sensitive for Spit Up • Similac Total Comfort • Gerber Good Start Soy 	<p>Thirty Six (36) Containers*</p> <p><i>* Vendor must have one (1) representative can of all five (5) brands in either concentrate, Ready-to-Feed (RTF), or powder to meet the requirement.</i></p> <p><i>* Only contract formula is counted toward minimum stocking requirements</i></p>
